

Jumping Frog Jubilee

Frogs	Distance (in inches)
Jeremiah Jambalaya	164
Billy Bob	
Rosie the Ribiter	258
Ribbit	
Jumping Jack	129

Every year Calaveras County has a frog jumping contest!

Here are a few of the results from previous years. Use the clues to complete the table and answer the question.

-  Jumping Jack's distance was three times the distance of Billy Bob.
-  Jeremiah Jambalaya jumped four times the distance as Ribbit.

How many times as far did Rosie the Ribiter jump compared to Jumping Jack?

Note: The winning number has been rounded. Rosie the Ribiter set the record for the longest jump in 1986 by jumping 21 feet, 5.75 inches! Is it still current? These frogs did not compete the same year. Some of the numbers have been slightly changed or rounded, but they are close!
